Tämä on vapaaehtoinen, jos olet huolissasi siitä, että muut saattavat käyttää 'Visit Japan Web' -sivustoasi.

Monivaiheinen todennus lisää turvallisuutta vaatimalla vahvistuskoodin syöttämistä salasanana lisäksi kirjautumisen yhteydessä. Monivaiheisen todennuksen asettaminen on valinnainen, mutta jos konfiguroit sen, voit välttää luvattoman pääsyn riskin, vaikka salasanasi olisi tiedossa muille. Monivaiheisen todennuksen käyttämiseksi sinun on asennettava aikaperusteisen kertakäyttöisen koodin (TOTP) todennussovellus.

Setting up Multi-Factor Authentication(optional)

Do you want to set up multi-factor authentication?

Multi-factor authentication enhances security by requiring the input of a verification code in addition to a password when logging in. Setting up multi-factor authentication is optional, but if you set it up, even if your password is known to someone else, you can avoid the risk of unauthorized login. To use multi-factor authentication, you need to install any time-based one time password(TOTP) authentication app
